Local Resident Victim Of Auto Repair Racket

Two men last week collected \$27 for the repair of an automobile owned by John Hedberg, 1518 Madrid ave., according to police reports, and to date have not returned to do the job. Hedberg said the men approached him at his home July 24 and offered to repair his car which had been damaged in an accident. After some discussion, he said, they agreed to buy a new fender and grill for the car in addition to other body repairs, but wanted an advance on the job to enable them to buy parts. This, Hedberg said, he refused to do.

Finally it was agreed they would take Hedberg to his job and bring the car back with part of the work done that evening. Mrs. Hedberg said the men, who were described as being of Mexican descent and in their early twenties, returned to her house and announced that part of the work had been completed, adding:

"Mr. Hedberg said that you would give us the money for the fender we bought and part of the money we need for a grill."

"They explained they had a car payment to meet," Mrs. Hedberg revealed, "and needed \$27 to cover the cost of the fender and to secure additional parts, also that they were going after a blow torch to do some more work on the car."

She wrote them a check for the amount and made it out to "Bill Evans," Mrs. Hedberg explained, which was supposed to be the name of one of the two. The check was cashed immediately at a nearby store, it was later discovered, and the address and phone number given was found to be false.

For the \$27 Hedberg received no more than chauffeur service to his work.

WHO HAS THESE DOGS?
... Mrs. Mildred Freschauer, of 367 E. 238th st., Wilmington, has asked the Torrance Herald to aid her in finding these two Pekinese dogs.

Left with neighbors when Mrs. Freschauer was called to Florida by a death in the family, the dogs apparently have made the rounds since left with a neighbor in Maywood who promised good care. She turned them over to another neighbor who in turn handed the dogs to the South Gate dog pound. Another woman saw them and removed them from the pound. This woman is said to be a resident of Torrance. Mrs. Freschauer said she will not demand return of the dogs but she wants to be sure they are happy and not separated. One is male, red and white parti-color, and almost blind. The other is female, black and tan. Both have won many prizes in dog shows. Mrs. Freschauer asks that the person now having the dogs please contact her at the Wilmington address.

endant of the Great Khans of Tartary. I am myself, of course, a full-fledged Tartar Prince. This goes to show that a Tartar Lady from Torrance high school can in fact become a Great Lady of the most ancient of all the Imperial Courts of the world."

Termining the former Torrance girl "who is to me a real princess," the most beloved bit of America, Cherenz-Lind complimented Perry for his "valuable efforts toward a good education for my wife" and sent his best wishes to the Tartar Ladies of Torrance high. The letter had attached the "Tashi Hutuktu-Grand Seal" of "Ch'an Cheng-Lob-World Buddhist Centre."

Miss Lucero had resided in Torrance for 12 years, and had made two visits to Havana, Cuba, the first with her father, Bernardo Lucero. She met Cherenz-Lind in California, on one of his visits here. The first visit to Cuba was in May, 1945, and she was married on Oct. 4, 1945.

The Shidlers, who are the parents of another daughter, Nana, live at 317 Camino de las Colinas.

Yet, it frequently happens that when the spare is called upon to fill in, its tenure on the wheel is much longer than the owner anticipates.
